- Computer Engineering
- Pointer : 8.67

Diploma
Government Polytechnic, Khamgaon

08/2015 - 06/2018   *Khamgaon, India*

Course - Percentage
- Computer Engineering
- Percentage : 86.50%

PERSONAL PROJECTS

Website Development (03/2020 - Present)
- Completed numerous websites. Designed beautiful websites for business, personal portfolio, etc. Links to all the sites are available on Github.

Department Website (12/2019 - 02/2020)
- The website hold each and every information related to department. It includes major modules like attendance, quizzes, feedback, alumni, etc. Basically I worked in front end and design full website.

Rainfall Analyzer (08/2019 - 10/2019)
- The project is about prediction of rainfall in different regions in India. As well as depending on region, month, year we visualize it using different methods like graphs, vectors, etc. We made a dashboard to handle all operations

Servex (06/2019 - 08/2019)
- Servex is a multimedia server based on FTP. The device connected in a network can access as well as stream videos and files stored on the server. Users can upload videos from any device. Users can download content. The beautiful web portal is developed using PHP

WORK EXPERIENCE

Web Development
Decartem

12/2019 - 02/2020   *Pune, India*

Tasks
- We have developed a web portal of a smart attendance system for a school named "Silver Stone". This will give you real-time details of the attendee students.

Contact: Aaryaman Bahadur (Director) - aaryaman.bahadur@decartem.com

SKILLS

HTML   CSS   JavaScript   Jquery   PHP

Web Animation   Python   Django   MongoDB

Firebase   c++   Photoshop

ACHIEVEMENTS

Winner of SDL mini project competition. (08/2019 - 10/2019)

The competition is about developing a program which will use machine learning. We made a web application which shows analysis of rainfall for last 100 years and depending upon that predict the future rainfall.

POSITION OF RESPONSIBILITY

Technical Head of CSF committee (08/2019 - 03/2020)
